Mark, please send these to us in the REOC regarding resource needs, do not copy HQ EOC.
Will take care of it, how many more data entry people do you need to get that done?

I have requested additional support to get our field assessments into RM faster. We have so many teams out that the sheer volume if data entry may be keeping actual numbers down in RM.

Jim & Kim – please refer also to the 214 I sent last evening with our total numbers from yesterday.

Thanks,

Mark

Jim and Kim,

Please let me know why the wastewater map contains so many fewer facilities that the map from yesterday.

I need to be able to explain it in case the question comes up.

Thanks,

Kevin Tingley
